

# **30 GREAT DROUGHT TOLERANT PLANTS FOR YOUR GARDEN**

**SATURDAY, NOVEMBER 6, 2010**

**10 A.M.**

**BONITA-SUNNYSIDE LIBRARY 619-475-4642**

**Find out how you can beautify your garden and  
help the environment!**

Mr. Doug Kalal, popular landscaping expert and graduate of the renown horticulture program at Cuyamaca College, has been designing gardens in San Diego for the past several years. He will discuss the importance of using drought-tolerant plants in your garden to reduce water usage and cut down on carbon emissions while providing special places for birds and butterflies. Join us for this informative presentation.

**4375 BONITA RD.  
BONITA, CA 91902**
